MANUFACTURED BY:

ALMETEK INDUSTRIES, INC.
2 JOY DRIVE
HACKETTSTOWN, NJ 07840
1 (800) 248-2080
www.almetek.com

NOTES:

1. Surface installation requires the surface be brushed with a wire brush and all dust blown off that surface.
2. Install marker with [SIKS-ADH] Sikabound Adhesive using a dripless caulking tube gun. Place the adhesive on the back side of the marker in a circular motion from the outside of the marker into the middle of the marker. Place marker in place and apply pressure to the face of the marker.
3. Markers may be applied to concrete, asphalt or steel. The City of Rosenberg requires the marker to be placed on the middle of every catch basin on all storm drains.

THE CITY OF ROSENBERG, FORT BEND COUNTY, TEXAS
DEPARTMENT OF PUBLIC WORKS

NO DUMPING
