This information shall be taken into consideration in determining whether to grant a permit and under what conditions. If an approved date is later adjusted to satisfy a request of the applicant, it shall be the responsibility of the applicant to contact abutting property

owners in person or by telephone and advise them of the change in schedule no less than twenty-four (24) hours in advance of the actual planned event.

7. If deemed necessary by the City, event organizers shall rope off lawn or other properties of residents, which are on private property immediately adjacent to and abutting the area where the event is to take place, who desire such protection. Such security measures shall not impede access to or from the property.
8. If deemed necessary by the City, monitor(s) shall be provided by the applicant to be stationed at each exit to discourage alcoholic beverages being taken from the area where the event is to take place. The number and location of such monitors shall be determined by the City.

10. If the city co-sponsors an event, said fees and related costs may be waived by the city manager upon review of the event application.
11. Any services requested from the City must be listed in writing and attached to the application form. If the City agrees to provide such services, the applicant shall reimburse the City for the cost of all personnel (including salary, fringe benefits, and overtime) and equipment and vehicles used by the City in setting up for the event. 15. An insurance policy providing comprehensive general liability coverage over any and all areas used by the participants of the event throughout the duration of the event, issued by an insurance company authorized to do business in the state, must be submitted naming the City of Rosenberg as an insured party for any event being requested whenever the event is being held by a private organization. The amount of insurance required from the permit holder will be for no less than one million dollars (\$1,000,000).
