REQUEST FOR QUALIFICATIONS – RFQ No. **2019-37**

QUALIFICATION STATEMENT DUE: 2:00 p.m., Wednesday, June 26, 2019

The City of Rosenberg (City) is seeking an engineering consultant to prepare engineering drawings and specifications for the North Rosenberg Water Distribution Improvements – Phase VII. The project area benefiting from these improvements is located within the limits bounded by Elm Street to the West, Walnut Street to the South, 8th Street to the East and the Brazos River to the North. The consultant will determine all existing conditions such as easements, prepare preliminary drawings (with cost estimates) for approval, prepare all drawings and documents for bidding and construction, and coordinate the process through project completion with the City and Fort Bend County Community Development Department.

The City of Rosenberg is located approximately 35 miles southwest of Houston, in Fort Bend County. Incorporated in 1883, Rosenberg operates under a council-manager form of government, and is approximately 37 square miles in land area with 70 square miles of ETJ. The community is culturally diverse and has a population of over 39,936. Rosenberg is a full-service city, having 287 employees and a budget of \$80.5 million.

This is a federally-funded project through the U.S. Department of Housing and Urban Development (HUD) as a Community Development Block Grant (CDBG) Project. The City will administer the design and construction.

CRITERIA FOR PROPOSAL ACCEPTANCE

A contract will be awarded by the City to only a responsible firm or individual. In order to qualify as responsible, a prospective consultant must meet the following criteria as they relate to this request for proposal:

1. Have the necessary experience, organization, and technical skill in the field of engineering design;
2. Have the adequate technical and financial resources for performance;
4. Have a satisfactory record of performance in designing new, reconstruction, and remodeling development projects;
5. Reasonableness of the approach in terms of the stated project objectives and description;
6. Encourage and provide equal opportunities of employment for qualified women and members of all minority groups.

PROJECT DESCRIPTION

The City of Rosenberg desires to have designed, bid and inspected the construction of Water Distribution Improvements – Phase VII that will fall within, and benefit the area, located by the limits bounded by Elm Street to the West, Walnut Street to the South and 8th Street to the East and the Brazos River to the North. The CDBG grant award for this project is \$535,336.00 for construction with a City match of 10% construction contingency. City will also pay for Engineering.

Other components of the construction job involve but are not limited to, the following:

1. Remove and replace concrete and/or asphalt.

Additionally, the consultant will be expected to:

1. Submit company's proposal;
2. Meet with the Program Director of Capital Projects and Utility Director, if requested;
3. Attend City Council meeting(s), if recommended for a consulting contract;
4. Negotiate a contract for services to be performed.

PROJECT OBJECTIVES

The City's objectives in obtaining the engineering documents include:

1. Develop engineering plans and specifications for water line improvements;
2. Prepare documents for bidding;
3. Address the reconstruction of existing pavement;
4. Provide necessary inspections throughout construction as required;
5. Maintain proper records to assure the City will be reimbursed from CDBG.
